### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Russell Fowler on 8/15/05.

The application has been amended as follows:

-Claim 1, line 6: Replace "the qualifications" with -- the qualification data --.

This change was made to overcome a potential 112-2<sup>nd</sup> paragraph rejection due to a lack of antecedent basis for the claim terminology.

### ***Allowable Subject Matter***

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art does not teach or fairly suggest the following: at least one database also containing qualification data for a test administrator, the qualification data for the test administrator being distinct from a username or password, wherein the test administrator's ability to order the at least one of a plurality of tests is dependent upon the qualification data of the test administrator (Claim 1 and similar language in independent Claim 16) and an administrator workspace operable to provide the test administrator with access to a product catalog showing a plurality of tests in at least one database and a price

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
